

SME SCHOLARSHIP 2017-2018

FAQ'S

Q: Can I use the HoK SME Scholarship at any school?

A: No. As our scholarship is privately funded, rather than a state or company-supported program, and resources are limited; the HoK SME Scholarships only apply to our Kindergarten and Elementary programs.

Q: Is the scholarship a 100% tuition scholarship?

A: No. The purpose of the SME scholarships is to reduce the cost of Kindergarten or Elementary tuition and to make world-class education accessible for children from parents working in an entrepreneurial or small business environment. The SME scholarship will cover up to 60% of annual tuition fees.

Q: Does the scholarship help pay for after school activities (ASA)?

A: No. HoK SME Scholarships are only applicable to tuition fees.

Q: How does the application process for the SME Scholarship work?

A: Qualifying families fill in the application form and give it to the admissions department. Please note that to maintain our high academic standards, all children from applying families still have to pass the House of Knowledge entrance assessment.

Q: When is the application deadline?

A: We will accept scholarship applications until we have exhausted our scholarship funding and filled all available student spaces. For this reason, you are encouraged to apply as soon as possible and are welcome to check if scholarships have been granted or not.

Q: When will I know if my child got a scholarship?

A: The Admissions Director will inform you of any scholarship awarded, generally within two to four weeks of receiving your completed application.

HOUSE OF KNOWLEDGE 好思之家学校及幼儿园

House of Knowledge was established by entrepreneurs and educators. Therefore, we understand first hand that entrepreneurs, small and medium-sized businesses are as dependent on committed and motivated people as large corporations. When their children receive a world-class education, no matter the financial strength of their employer, parents can feel unburdened by the financial pressures associated with high-quality education.

The HoK SME Scholarship program awards bi-annual scholarships to parents working as an entrepreneur or in a small to medium-sized business and who need an extra hand with school fees to give their child the best education Beijing has to offer.

This opportunity is available to children aged 5 to 8 years and does not discriminate based on race, origin, religion, gender, or age.

If you work as an entrepreneur or work for a small or medium-sized business and feel your child would make an exceptional candidate for the coming 2017/2018 HoK SME Scholarship year, we invite you to fill out the form and submit it to our admissions department.
